

Building as Learning Aid (BALA) Concept

- BaLA is an innovative concept towards qualitative improvement in education, through developing child friendly ,Learning and fun based physical environment building in school infrastructure. BaLA is a way to holistically plan and use the school infrastructure. It incorporates the ideas of activity based learning, child friendliness and inclusive education for children with special needs (CWSN).
- At the core, it assumes that the architecture of school can be a resource for the teaching-learning processes. This concept was originally developed by Vinyas , Centre for Architectural Research & Design with support from UNICEF. KVS has decided adopt the BaLA concept for its Vidyalayas.
